preface the relationship a country maintains with its neighbours is very important if the relationship is good it can be a source of  
strength otherwise it can lead to destruction india is a peninsula sharing its borders with several nations of all these neighbouring  
countries china is most important economically politically and strategically moreover recently china has become the centre of

discussion for the entire world not only for india the people s republic of china also called as china in short was founded in 1949 today in 2020 in a very short period it has become a superpower it is very important for us to understand how china grew so fast in such a short period of time looking at the mind set of its leaders and the policies they implemented might help us understand how to improve our own nation keeping these things in mind i have written this short book to explore china s growth when i started on this journey i found that the information was scattered complex and difficult for the layman to understand i have therefore tried to keep the content short and the language simple and lucid in order to share this information with a wide audience minakshi goel

from china s most influential foreign policy thinker a vision for a beijing consensus for international relations the rise of china could be the most important political development of the twenty first century what will china look like in the future what should it look like and what will china s rise mean for the rest of world this book written by china s most influential foreign policy thinker sets out a vision for the coming decades from china s point of view in the west yan xuetong is often regarded as a hawkish policy advisor and enemy of liberal internationalists but a very different picture emerges from this book as yan examines the lessons of ancient chinese political thought for the future of china and the development of a beijing consensus in international relations yan it becomes clear is neither a communist who believes that economic might is the key to national power nor a neoconservative who believes that china should rely on military might to get its way rather yan argues political leadership is the key to national power and morality is an essential part of political leadership economic and military might are important components of national power but they are secondary to political leaders who act in accordance with moral norms and the same holds true in determining the hierarchy of the global order providing new insights into the thinking of one of china s leading foreign policy figures this book will be essential reading for anyone interested in china s rise or in international relations
